ITEMS OF INTEREST.

WHICH WILL CONCERN THE PEOPLE OF MICHIGAN.

Synopsis of the Proceedings of the Lawmakers at Lansing - General News from All Over the State Reported by Telegraph for Our Readers.

Lansing Mich., Feb. 19.-The house committee on state affairs, to whom had been referred a bill to make the apple blossom the official state flower, yesterday recommended a bill in which the "Pingree peach-blow potato" is substi-tuted for the apple blossom. Amid shouts of laughter the substitute was referred to the committee on railroads, upon whom will devolve much of the Pingree proposed reform legislation.

Advocates of Governor Pingree's re-

form ideas as to railroad rates won a victory in the house yesterday. Wednes-day a resolution went through by a vote of 36 to 6 providing for a committee to investigate alleged illegal freight rates and discrimination in favor of large shippers. 2, was really the beginning of the Pingree programme against the railroads and the committee was given power to subpoena witnesses, examine books, etc. Yesterday a strenuous at-tempt was made to obtain a recondsideration of the resolution, but after a long discussion the motion to re-consider failed by a vote of 36 to 47.

Lansing, Mich., Feb. 20.-More than 200 bills were introduced in the two houses and it is probable that the number to be introuduced by next Wednesday, when the constitutional limit will expire, will break all records. A large number of these bills are directed at corporations. One of them seeks to re-peal the special charters of the Michigan Central and Lake Shore and Michigan Southern Railroad companies, and another provides for the taxation of express companies, the rate being \$1 on each \$100 of gross earnings in Michi-

Lansing, Mich., Feb. 22.-When the legislature adjourned Friday nearly 1,100 bills had been introudced. The fight between the governor and the senate was further intensified by the introduction of a bill requiring the executive to send in his nominations to fill vacancies during the legislative session. If such nominations are not made before the final adjournment of the legislature the incumbents are to continue in office until the next session. It is believed that Governor Pingree has decided to wait until after the senate adjourns, and then to name Professor Bemis, formerly of the Chicago university, to be commis-

PINGREE SPEAKS AT DETROIT.

Urges the Republicans to Establish

"Equality of Taxation." Detroit, Feb. 23 .- Eight hundred members of the Michigan club banqueted merrily last evening in the big Auditorium. It was the twelfth annual gala night of the club. Behind the speakers was a large portrait of Washington, flanked by those of McKinley and Hobart. From the galleries a large audience of both sexes looked down upon the scene, and orchestral music added to the pleasurable excitement of the evening. The one disappointing feature was the absence of Chairman Hanna, who, it had been announced, would be present and respond to the toast "The Victory of 1896." A telegram was received from him in which he said it was impossible from him to leave home before he goes to Washington.

General R. A. Alger was toastmaster. The general amid great cheering feelingly thanked his friends of thirty years' standing for their very evident friend-General Alger introduced Governor Pingree, who welcomed the club and guests, incidentally eulogizing Washington and theheroes of his time. The governor deprecated the conservatism which generally stands back when the people of today were as earnestly demanding reforms as those of '76, and added: "If the Republican party and Republican leaders are blind to the situation of today as was George III to the demands of the colonists, reforms will be brought about by other men and other parties and we will be simply wreath-hangers when the thing

over. On his favorite theme of taxation the governor said: "The farmers and the la-boring men of Michigan have for years been paying four times their due proportion of the tax, compared with that taken from corporate privileges. This is against the principles of the Republican party, whose old motto is: 'Principles, not men.' We have it in our hands to remedy this wrong. I trust we may not trifle with it. Let us establish equality of taxation. The state is waiting. To be patriotic is to be honest."

CONVENTION AT DETROIT.

Republicans Nominate Candidates for the Coming State Election.

Detroit, Feb. 24.-Republicans of this state met here yesterday to nominate candidates for a justice of the supreme court and regents of the university. There were 1,000 delegates on hand when the gavel fell, General Alger being temporary chairman, who made a brief speech. For supreme court justice Judge Charles D. Long was renominated and then the fight began over university regents. Many of the dele-gates advocated the nomination of Levi L. Parbour (gold Democrat), who is a regent now, holding that since he last year sacrificed political preferment to follow the banner of McKinley, and since he had rendered distinguished service to the university he should be the convition's choice.

Other speakers urged that patriotism had its own reward. Barbour was nom-inated, but Charles B. Lawton carried the convention on the third ballot. W. J. Cocker, of Adrian, was renominated by acclamation for the other regent. Resolutions were enthusiastically adopted thanking President-Elect McKinley for Alger's appointement to the cabi-

LATEST NEWS FROM JACKSONVILLE Cuban Insurgents Having Their Own Way

with the Forces of Weyler. Cincinnati, Feb. 22.-A special to The Commercial-Tribune from Jacksonville, Fig., says: Letters from Pinar del Rio to Colonel Corbo give details of engagements in that section recently, in all of which the insurgents were successful. Near Joreta Major Morales engaged San Martin's troops and after a two hours fight the Cuban machete charge drove the Spanish from the field in utter rout, they leaving 125 dead on the field. The insurgents decoyed the Spanish into a trap in Jopeta swamp and cut their rear guard into pieces and routed a squadron of 500 men.

At the woods of El Toyen was another disaster for the Spaniards, Colonel Lorento defeating Colonel Martin's de-tachment of 600 men and forcing him to retreat to San Juan y Martinez with heay loss, leaving his dead on the field. At Janta the Spaniards made a plucky fight, but Cubans routed them after three hou fighting. The insurgents secured 10 rifles and 1,500 rounds of ammunition. Their loss was less than thirty, while the Spaniards acknowledged a loss of over 140.

A special to The Commercial-Tribune from Key West, Fla., says: A report has reached here of rumors in Havana of a big fight in Santa Clara province between 1,500 Spaniards and 1,200 Cubans under Gomez, which lasted eight hours. The insurgents cut down the Spanish forces first with artillery and then with the machete, the Spaniards fleeing for their lives in the greatest disorder. The losses on both sides were heavy, the Spaniards losing the most The Cubans captured all the ammunition, stores and guns, including four field pieces and quantities of small

SPRING FLOOD IN THE OHIO.

Annual Inundation Threatened with Heavy Rain Over the Waters .. ed.

Cincinnati, Feb. 23.-For seventy-two hours, up to 7 o'clock last night, a steady rain has fallen over the entire area of the immense watershed of the Ohio valley, with the exception of the mountainous portions of western New York and western Pennsylvania, where the telegraph reported rains last night. Here it is still drizzling from a black sky that threatens heavy rainfall, in which case conditions for a great flood would be present. Already in the past seventy-two hours there has been by ignal service measurement a rainfall of

three and eleventh hundredths inches. The mountains at the head waters of the Kentucky, Cumberland and Tennes-see rivers are delivering into these great tributaries with great rapidity floods melted snow and rain and filling the lower Ohio. Should the rain cease the present flood at this point will probably stop within the fifty-five-foot mark which would cause no great inconvenience. Should a heavy rainfall occur over a considerable area of the Ohio valley there is no predicting what stage the water would reach at Cincinnati.

M'KINLEY IS IN SECLUSION.

Allowed to See None but His Family and Secretaries.

Canton, O., Feb. 23 .- The presidentelect did not receive his most intimate friends yesterday, and a score of callers returned to their hotels and homes with the information that "Major Mc-Kinley is positively not receiving callers today." Dr. T. H. Phillips, the family physician, has given instructions to that effect and only members of the family and his secretaries gain access to his private office. There need be no apprehension as to the health of Major McKinley, but the physician says he must have absolute freedom from care and disturbance to fully prepare him for the trying scenes of next week.

HIS PRACTICAL VIEW

SOME SENSIBLE WORDS FROM A BI-METALLIST.

Mr. Charles D. Lane, Chairman of the Bi metallic Party, Says It Is the Duty of All Good Citizens to Accept the Situation and Help on Prosperity.

The chairman of the national committee of the bimetallic party, Mr. Charles D. Lane, appears to differ from the majority of the free silver champions in the respect that he is still capa ble of entertaining an intelligent and practical view. He laments the defeat of Bryanism and predicts its triumph at a later day, but declares that for the present the question is settled and that it is the part of wisdom to accept the decision of the American people in good faith and "in a spirit of patriotism unsullied by partisan rancor and unembarrassed by factional agitation of the seues that have just been fought out." The duty of all citizens, he goes on

to may, is to do all they can to promote the success of such policies as the Re-publicans may adopt, and to "join in upholding the hands of Major McKinley as president of the United States and to support him in all his efforts to increase the prosperity and well being of the people of this republic.' There is nothing to be gained, he contends, by the continued agitation for free coinage under existing circumes, and active operations in that relation should therefore be suspended and postponed to a more opportune seawhich he describes, with a pardonable astronomical simile, as the time when "truth and principle shall finally rise above the darkened horizon and assame their rightful position as the guiding stars of popular government.

In view of the fact that Mr. Lane was one of the most liberal contributors to the free silver campaign fund these observations merit general attention and should be particularly considered by those who acted with him in the recent campaign. The verdict of the peo ple in favor of sound money, after listening to all that could be said on the other side, was positive and conclusive and should be so regarded by those who vainly tried to prevent it. When a decision is thus made, it implies that the winning party has a right to a fair chance to carry out its doctrines and purposes. The counting of the votes means that the contest is ended, at least for four years, and that given policies are to be put to a square and practical test in the management of the affairs of the government.

This is all that the Republicans ask in the present instance, and they are justly entitled to it, as their adversaries would have been if the election had gone the other way.

They firmly believe that they can restore the country to its former remarkable prosperity and are entirely willing to take all the ordinary chances of failure, with the understanding that if they do not make good their promises and predictions they are to be condemned and displaced in 1900. In attempting to accomplish this beneficent and important result they do not expect or desire the assistance of the free silverites, strictly speaking, but they do insist that they shall be permitted to apply their ideas and methods without unreasonable and unscrupulous obstruction. -Qt. Louis Globe-Democrat.

Mother-love is mixed with daily, hourly sacrifice The love increasfice it entails. The more a mother suffers and endures for her little one, the more precious it She becomes loves it because Islie has labored and suffered for it. The physical organs concerned in maternity affect a woman's entire constitu tion to a degree only half realized

by many doctors. Women are often treated specially for sick headaches, dys-pepsia, melancholy, or what is supposed to be a liver or kidney affection or heart-disease, when in reality the whole trouble is with the reproductive organs. This delicate and intricate organism and the rational treatment for its peculiar ailments is a life study for the wisest physician. Probably no practitioner living has a higher repute in this special direction, than Dr. R. V. Pierce, Chief Consulting Physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. His "Favorite Prescription," is the most perfect remedy ever known for all "female complaints." It gets at the source of the trouble from the inside: It is not merely temporary, external, local, bol-stering-up or palliative. It is a cure. It directly tones and strengthens the in-ternal organs, restores them to health and regularity, and completely banishes the continual weakness, drag and drain which wear out body and mind. Its sale exceeds the combined sales of all other medicines for women

In every American household, there should be a copy of Dr. Pierce's great work, "Common gense Medical Adviser," 1003 pages, Illustrated, he copy free to any address on receipt of 21 one ent stamps to pay for mailing only, World's Dispensary Medical Association, Buffalo, N. Y.

Complete Recovery by the Use of

Ayer's Sarsaparilla

"Some years ago, as a result of too close attention to business, my health failed. I became weak, nervous, was unable to look after my interests, and manifested all the symptoms of a deeline. I took three bottles of Ayer's Sarsaparilla, began to improve at once,

and gradually increased my weight from one hundred and twenty-five to two hundred pounds. Since then, I and my family have used this medicine when needed, and we are all in the best of health, a fact which we attribute to Ayer's Sarsaparilla.
